

PhD Course List

Blekinge Institute of Technology, BTH

- **Global Product Innovation** (7.5 HEC), [Tobias Larsson](#).
- **Product Service Systems** (7.5 HEC), [Tobias Larsson](#).
- **Engineering Design Research Methodology** (7.5 HEC), [Alessandro Bertoni](#).

Jönköping University, JU

- **Product Platforms** (7.5 hec), Fall 2018, Fredrik Elgh, fredrik.elgh@ju.se, in collaboration with ProWOOD and Production2030
- **Computer Systems for Automated Engineering Design** (7.5 hec), Fall 2019, Fredrik Elgh, fredrik.elgh@ju.se
- **Practice Oriented Research** (Research Methodology), 5 HCE, start March 8, 2018, Kristina Säfsten, kristina.safsten@ju.se

Linköping University, LIU

- **Engineering Design Optimization**, Johan Ölvander, johan.olvander@liu.se, Royal Institute of Technology, KTH

Luleå University of Technology, LTU

- **Product Innovation for Space Applications**, 7,5 credits, developed within Graduate School of Space Technology, planned to be given again during 2018/19, Anna Öhrwall Rönnbäck / Reza Emami LTU Kiruna
- **Get Your Paper Published**, November 2017-May 2018, Anna Öhrwall Rönnbäck, co-production with Produktion2030 and ScAIEM (national)
- **Production Innovation**, planned start Spring 2018, co-production with Produktion2030 (national), contact: Anna Öhrwall Rönnbäck anna.ohrwall.ronnback@ltu.se

Lund University of Technology, LTH

- **Business models and business innovation**, Anders Warell

Mälardalen University, MDH

- **Innovation and Design** (7,5 credits) Yvonne Eriksson
- **Quality Management** (8 credits), Anders Fundin
- **Deltagarbaserad forskning I and II** (7,5 credits each), Erik Lindhult
- **Circular Economy and Industrial Systems**, 7.5 credits, Starting January 15, 2018, contact Sofia Ritzén, ritzen@kth.se, for full course invitation.
